# River & Beach Trash Clean Up Data Card

*"Protecting Ventura County's Inland & Coastal Waterbodies"*

VENTURA COASTKEEPER®

### Cleanup Instructions

- 1.) Leave dead animals, kelp, drift wood and all other naturally occurring items.
- 2.) Collect everything else, even the small pieces which are easily mistaken for food by animals.
- 3.) Tell your site leader if you find a syringe or any other dangerous materials. They will dispose of these items.
- 4.) Help us prevent marine and inland waterbody debris by collecting data!

Data is being collected in Ventura County and will be used to tackle the marine debris and the inland waterbody trash issue with legislation at the local and state level. Keep a count of the debris items that you find using tally marks. When you are finished, enter the item total in the box. Example:

8 Bags (grocery, shopping, trash) IIII III  
Do not write words such as "Lots" or "Many"  
Only numbers are useful data.

### GLASS ITEMS

22 Bottles
